

ANIMATE & CREATE

ANIMATION WORKSHOPS

This August as part of SummerScreen, Animate and Create is offering two exciting hands on workshops for young people in Kent. The workshops will be for 11-17 year olds with no previous experience needed, just a lively imagination. The workshops are run by a professional animator, and will use industry techniques to bring ideas to life. For more information and to see films from previous workshops go to www.animateandcreate.com
